

EASTERN REGION CHAPTER NEWSLETTER
SEPTEMBER 2007

Dear members,

Ramadan kareem! Welcome back to what we hope will be another successful year. The Eastern Region Chapter of TESOL Arabia has many interesting professional development events scheduled for this new academic year. You can always check the dates of these events by visiting our website at www.tesolarabia.org.

As always, the chapter representatives strive every year to make each chapter event better than the last. As such, the themes we have chosen cover the major strategies involved in teaching English in this part of the world.

Our first chapter event will be held in October 27, 2007. To make things easier for all members, the membership secretary will be present to renew memberships and answer all your queries regarding this issue.

On behalf of the Eastern Region Chapter, I would like to welcome Mr. Nejib Ali, who has joined TESOL Arabia Executive council as the new area co-representative of the Eastern Region Branch.

Finally, we would like to invite our members to join the chapter committee and help with organizing professional development events. Never forget, TESOL Arabia always wants you!

Abdelbasset Jeddi

Eastern Region Area Co-Representative
